

NORTH LOBURN EQUESTRIAN CENTRE:  
DRESSAGE COMPETITIONS AT RANGIORA

RULING FOR PREVIOUSLY REGISTERED HORSES COMPETING IN  
UNGRADED CLASSES

*If the horse has gained 30 points or more at a particular level or above you must compete HC (non-competitively) at that level or below. If the horse has not gained 30 points or more at that level or above then it can take part in open competition with the other horses in the class.*

Why we have this ruling:

We try to be fair to all our competitors. We do not want to prevent previously registered horses competing at our competitions but at the same time neither do we want to discourage ungraded competitors. We have a similar ruling for eligibility to compete in our ungraded classes that would apply in a graded competition, but since we very much want to see our many ungraded competitors at level 1 attempting some of the level 2 classes we have adapted the rule to encourage these riders.
